### Liability Waiver & Photo Release

I know that nav racing (rogaining) is potentially dangerous. The dangers include but are not limited to falling or colliding; medical conditions; weather; and both natural and manmade conditions of the course. I alone am responsible for my safety while I participate, and I should not participate unless I am medically able and properly trained. I have read and understood this waiver, and in consideration of acceptance of my application for the Rock Creek Ramble, I, for myself and anyone entitled to act on my behalf, waive and release the organizers (Meridian Geographics, LLC), the United States of America, the State of Washington, and all other land owners and land managers, their representatives and successors, from all claims or liabilities of any kind arising out of my participation in this event, even though that liability may arise out of negligence or carelessness on the part of the persons named in this waiver. I grant permission to the organizers to use photographs or audio/video recordings of me for any legitimate purpose.
